# DELLA TERRA MONTESSORI SCHOOL

Della Terra Montessori School celebrates the inquisitive and expressive learner in each child. Our spacious and bright classrooms are carefully prepared to engage and nurture the whole child. Children are surrounded by developmentally appropriate materials that encourage discovery and foster their natural love of learning. We also offer enrichment programs that complement the Montessori principles that guide our curriculum. These include music, foreign languages, yoga, nature studies, fine art, sports camps, organic gardening, and food preparation. Studies have shown that when applied properly, *the Montessori method develops students that are more socially and academically prepared than their counterparts who have been fostered in non-Montessori environments.*

## Programs

*To ensure you see the most recent tuition schedule, please visit [www.dtmontessori.com](http://www.dtmontessori.com) to view current tuition and registration fee amounts.*

At Della Terra Montessori School all enrichment activities and materials are included in your tuition. There is only a one-time registration fee. Children will enjoy healthy snacks, arts and crafts, and enrichment programs.

We accept toilet trained children from 2 ½ to 6 years of age and offer two schedules to meet the needs of children and their families. Both plans adhere to the Montessori method by providing at least a three hour work period, five days a week.
